MANAGER'S NOTES

- There are new locks on both tennis courts. The code to both courts is 0305.
- **Roof Project:**
Buildings A, B, C & D roofs are complete. E and F are in progress and are expected to be completed by July 1, 2025.
- **Concrete:**
They are finishing concrete repairs on buildings A and B parking lot side. They began concrete repairs on the C building parking lot side. We received the engineering and pricing for replacing the steel plates on the B and C walkways. The cost is based on sections. The 4' sections on the C building are \$9225 per section and there are seven sections for a total cost of \$64,575. We budgeted \$85,000 in the special assessment for B & C walkways so we will have the funds on hand to do the C building walkways. These are the only ones that we are required to do at this time based upon the Milestone Report. We will eventually need to replace the sections in building B but should be able to put them on a five-year plan or on an as needed basis. The 8' sections on the B building are \$12,825 per section and there are 14 sections for a total of \$179,550. We have not received engineering or pricing on column replacement. I will update you when these details are received.
- **Paint:**
They will begin painting the B building parking lot side during the month of June.
